

**Перечень изданных и принятых к публикации статей в зарубежных изданиях по результатам научно-исследовательской деятельности
ФГБОУ ВО Вологодская ГМХА за 2025 год**

Автор(ы)	Название статьи	Название журнала, номер	Кол-во П.Л.
Novokshanova A.L., Matveeva N.O. (Scopus)	Selection of Ingredients for the Formulation of a Product with a High Protein Content based on Buttermilk	The 9th International Conference on Agriculture, Environment, and Food Security. – Universitas Sumatera Utara, 2025	0,3
Terebova S.V., Ivanov S.L. (Scopus)	Innovative activity of Russian industrial enterprises in modern conditions: problems, specifics, solutions	Studies on Russian Economic Development. – Т.36. – №3. 2025.	0,8
Sekushina I.A., Kryukov I.A. (Scopus)	Strategic management of northern urban agglomerations in Russia: regulatory, legal, and organizational aspects	The North and the market forming the economic order. – Т.28. №2(88). – 2025.	1,0
Makarov S.S., Chudetsky A.I., Kuznetsova I.B., Kulikova E.I., Kulchitsky A.N., Sungurova N.R. (Scopus)	Improving the ex vitro adaptation technology for Vaccinium angustifolium and Vaccinium corymbosum on the field	Food Processing: Techniques and Technology. – Т.55. №1. – 2025.	0,8
Sorokina N.P., Lepilkina O.V., Brutskaya A.L., Topnikova E.V. (Scopus)	Evaluating the proteolytic activity of lactobacilli in cheese production	Food Processing: Techniques and Technology. – Т.55. №3. – 2025.	0,7
Myagkonosov D.S., Topnikova E.V., Abramov D.V., Kashnikova O.G. (Scopus)	Use of tristimulus reflectance colorimetry for detection of fresh milk adulteration with reconstituted dry milk	Food Systems. – Т.8. №2. – 2025.	0,5
Berezina D.I., Fomina L.L., Kulakova T.S., Tkacheva E.S., Popova V.V. (Scopus)	Comparing the influence of temperature on the coagulation activity of blood plasma in vitro in poikilothermic and homeothermic animals	Agricultural Biology. – Т.60. №4. – 2025.	1,0
Karseka S.A., Davydova E.E., Novikova T.V., Voyevodina YU.A., Ryzhakina T.P., Shipulin G.A. (Scopus)	Optimization of the method for detecting cryptosporidium spp. dna in fecal samples from calves using pcr and comparison of the obtained results with the results of microscopy	Agricultural Biology. – Т.60. №4. – 2025.	0,9

Boldov A.S., Tkacheva E.S., Zuev S.N., Petina E.SH. (Scopus)	Hysical development of adolescents with intellectual disabilities playing football	Theory and practice of physical culture. – №5. – 2025.	0,1
Karbasnikov A.A., Karbasnikova E.B., Zalyvskaya O.S., Melekhov V.I. (Scopus, WoS)	Experience of stepwise introduction of English OAK (Quercus robur L.) in Northern latitudes	Russian Forestry Journal. – №3(405). – 2025.	0,6
Aleshkin A.V., Kipriyanov F.A., Savinykh P.A. (Scopus, WoS)	Installation for humidifying finely dispersed material: justification of the nozzle rotation angle and liquid spraying time	Technical Physics. – T. 70. – №1. – 2025.	0,4
Smykov I.T. (Scopus, WoS)	New hydrodynamic (wave) method for obtaining rennet milk curd in cheese production	International Journal of Dairy Technology. – T.78. №3. – 2025.	0,5
Savinykh P.A., Turubanov N.V., Aleshkin A.V., Suhlyayev V.A. (WoS)	The effect of air pressure on the technological process of grinding in the grain hammer mill	Engineering Technologies and Systems. – T.35. №1. – 2025.	1,4
Kipriyanov F.A., Savinykh P.A. (WoS)	Assessment of the possibility of flattening micronized feed grain	Engineering Technologies and Systems. – T.35. №4. – 2025.	1,1
Rassokhina I.I., Platonov A.V., Mazilov E.A., Smirnova Yu.M. (WoS)	Applying biotechnology in agriculture: initial performance results of Volrc RAS laboratory for bioeconomics	Economic and Social Changes: Facts, Trends, Forecast. – T.18. №3. – 2025.	1,0
Sekushina I.A. (WoS)	Development institutions in small and medium-sized cities of the northwestern federal district	Economic and Social Changes: Facts, Trends, Forecast. – T.18. №5. – 2025.	1,0
